BULLETIN JULY, 1921

BOOKS FOR ELEMENTARY SCHOOLS

SELECTED BY

ANNA V. JENNINGS, *Librarian*

STATE TEACHERS COLLEGE, KEARNEY, NEBRASKA

LILA BOWEN, *Librarian*

ELEMENTARY SCHOOLS, OMAHA, NEBRASKA

SUGGESTIONS

Every school should plan to spend, at least \$25 a year for the library. The titles starred are recommended for first purchase. Consider the number of pupils in the grades and select books accordingly. Supplementary readers should be considered as text books and kept separate from the regular school library.

HOW TO ORDER

In ordering books use all the items given in the list i. e. the author, title, publisher and price. Prices quoted will vary owing to the increased cost of materials. Books may be ordered from A. C. McClurg & Co., Chicago, Ill., or through the local book dealer.

PREPARATION OF THE BOOKS

1. When books are received, check the bill and write date, from whom bought and price, on first right hand page after the title page e. g.
2 Ja. 21. McClurg. 50c.
2. Use rubber stamp, like sample, on inside of front cover

LIBRARY

DISTRICT No. 40

AMHERST, NEBRASKA

BOOK No. _____

Stamp may be bought at George Bros., Lincoln, or through local printer or book dealer.

3. A careful record should be made of all books received, using for this purpose a "School Library Accession Book." This is a blank book of 500 lines ruled, lettered and numbered especially for the library record and may be secured from the Library Bureau, Chicago or Gaylord Bros., Syracuse, N. Y., for \$1.

Enter the books in the accession book according to the rules found on the front page of that book. Do not enter old books, in bad condition, or books with paper binding. The accession number is the number of the line, on which the book is entered in the accession book. After a book has been entered, write the accession number after the Book No. on the stamped plate, inside the front cover.

OPENING THE BOOK

Open every book before it is placed on the shelf. First, lay the book back downward on the table, then press the front cover down until it touches the table, then the back cover, holding the leaves in one hand while you open a few at the back then at the front, alternately pressing both down gently until you reach the center of the book. Never open a book quickly nor bend back the covers, as it may break the back and will loosen the leaves. Often the pages of a book need cutting; if they do, use a blunt paper knife. No book should be given out until the bill has been checked, the book stamped, entered in the accession book and properly opened.

Teach the children the proper care of the books while encouraging them to read.
