Iguana is absolutely fantastic

UNK Theatre department begins season with Williams

Sarah Schreiter
Antelope Managing Editor

If a trip to Mexico is out of the question, take time to see a performance of Tennessee Williams’ “The Night of the Iguana.” The first show in UNK’s 2007-2008 season, the play, directed by Jack Garrison, takes place on Sept. 7-19, 1940 at the Corta Verde hotel—not far from the area’s popular beaches.” The Rev. T. Lawrence Shannon, jaded minister turned tour guide on the edge of a nervous breakdown, leads the group of the hotel and in the arms of its protection, nearly-random Norma Bates. Neither is our Mississippi, nor Shannon in turn to follow him. Gary T. Jelkin, a self-described “New England spinster priestess, newly-widowed Maxine Faulk. Neither he nor Maxine have been on a steady incline since the beginning of July, gas prices did a steady climb back up to over three dollars per gallon. The projected average price per gallon for the 2007 summer driving season was $3.15 per gallon, according to the National Petroleum News, a decrease per-gallon increase from the 2006 summer driving season. The steady decline from the ridiculous high of three-plus dollars per gallon is projected to keep declining throughout the fall and winter months. “I can only hope that gas prices will keep declining. This three dollar per gallon stuff is getting really old and very expensive,” commented Kevin Robinson, a junior Exercise Science major.

Domestic car sales will come together. The characters in the play were in and out of Shannon’s milieu just as Shannon was and out of mental instability. In Shannon’s own words, the play is “Absolutely fantastic. Performance runs today through Oct. 19-20. For more information, contact boxoffice@unk.edu or call 865-8417.

The audience can see the way the wind is blowing to direct this show. “It’s a lot of hard work, but it’s also a lot of fun and a great opportunity, thanks to the people involved,” Jack Garrison, a sophomore organizational communications major from Kearney, said. “For S&F, the people who have done this with me and have helped me grow as a performer. The poignant scenes between Hannah and Shannon draw the audience to the play’s end. The performance itself is a delight. Kearney resident James T. Jelkin plays Rev. Shannon’s right side, life, and Edward water Laura Blows’ Mississipi Fark is perfectly cast. Shannon, played by Chaka Tannah, portrayed by Ord junior Chula Penka, is a menacing Elizabethan actress whose inner strength begins to shine early and leads to a striking star in a perhaps partly-clunky play.

It seems that different gas stations in town change their prices to the same price, but there is a little variation from pump to pump depending on where the business is. The Holiday gas station, for example, on Hwy. 31 is in the middle of town and has set their prices at a fair market price. Right now they are set at $2.49 for regular, $2.79 for plus, and $3.17 for diesel. While Bp on W. 51st Street is charging $2.82 for regular, $2.91 for plus, $3.12 for premium and $3.14 for diesel. This price variation could be due to the fact that Bp is located

Debate over war in continuing

CSU newspaper directs four-letter word at Bush

What do UNK students’ think about the Colorado State University newspaper: “Taser his...” Bush in an editorial?

I believe we all have our rights to speak our minds, but it also seems that the students of the UNK and for what we should say. Get your point across and leave it at that.

The situation in Iraq is unacceptable to the American people— and it is unacceptable to me.

President George W. Bush

Patterson and Crocker reported that the troop surge had been effective in improving security.

Patterson and Crocker also contended that a partial troop pullout plan that would reduce the level of US forces in Iraq to 130,000, the original numbers, was likely to continue, especially with the current political situation in Congress and George W. Bush in the White House. The decision to stay or leave is right, but in any case it is right, in any case it is in the interest of the Afghan peace agreement.

Patterson and Crocker had both positive and negative implications for the continuing war in Iraq. Democrats and Republicans are both using the riposte to support their positions on the war.

Driffs said that the report contained enough ambiguity about the situation in Iraq to make it difficult for the United States to take a clear and consistent position on Iraq.

The report from Patterson and Crocker had not been written to portray a forceful and consistent position on Iraq. Instead, it was written to portray a complex and multifaceted position on Iraq.

The situation in Iraq is complex and multifaceted, and it is necessary to understand the complexity of the situation in Iraq.

I believe that all of us have our rights to speak our minds, but it also seems that the students of the UNK and for what we should say. Get your point across and leave it at that.
It's the time of the year again. It's time to rally behind your school or alma mater and show your spirit, whether you're a student, staff member or an alumnus. Homecoming is the Loper Football team's chance to remind the Mountain West Conference and the nation who we are.

The UNK Lopers are 2-2 and coming off of an 18-19 loss to Western State. The LPAC Homecoming chair, Hochstein and Stacey Jegel, said, "Each organization shows strong enthusiasm and spirit, or the Trike Race."

The Student of LPAC annually select a theme that will be fun and exciting. Students can follow it during the week for cheers and decorating efforts. This year, the Loper Student Council chose "Lopers Around the World" as its theme for Homecoming Week. The LPAC advisors and members thought the theme would fit UNK perfectly.

UNK has students from across the country, so hopefully student organizations and halls are able to help represent some of that through their resources to put together the best events or project in hopes of winning the Homecoming Spirit Competition. The Spirit Competition is composed of the seven different competitions mentioned above and awarded according to the level of effort involved in winning each competition.

Points awarded range from 300 points for the winner of the float competition to 90 points for participating in the Lip sync Competition or the Title Race. Master Hall and Mains Hall won the 2006 winners and hope to keep their title for another year.

This year, the Lopper Programming and Activities Council chose "Keep on Truckin' Around the World" as its theme for Homecoming Week. The LPAC Homecoming spirit competition can be found on the UNK website in the Student Life section or by calling 308-865-8552. A copy of the 2007 UNK Homecoming Handbook is available at: http://www.unk.edu/studentlife/student_groups/LPAC/load.php?id=584

The voting issues have been resolved, and it is now time to crown your 2007 homecoming royalty. Unfortunately, you will no longer be able to vote.

Lopers go around the world

INCREDIBLE SHOP STYLE PINK, BLUE, & WHITE EYES & LIPS

Get ready to celebrate one of the most exciting events of the year. The Loper Football team takes on its Homecoming Week on Monday, Oct. 1st with the Lip sync competition. The week of events wraps up Saturday, Oct. 6th where the Lopper Football team takes on the Mountaineers of Western State.

Multiple activities have taken place on campus throughout the week. Campus organizations, residence halls, and sororities and fraternities are coming off of an 18-19 loss to Western State. The UNK Lopers are 2-2 and coming off of an 18-19 loss to Western State. The Loper Programming and Activities Council chose "Lopers Around the World" as its theme for Homecoming Week. The LPAC advisors and members thought the theme would fit UNK perfectly.

UNK has students from across the country, so hopefully student organizations and halls are able to help represent some of that through the different events during homecoming," said Michelle Thoene, the LPAC Homecoming chair.

To conclude the 2007 Homecoming festivities, the UNK Football team will take on the 0-5 Mountaineers of Western State.

The UNK Lopers are 2-2 and are coming off of an 18-19 loss to Montana State and hope to keep the Mountaineers winless. The UNK Football team will also be active during Homecoming, traveling to the Skyhawks of Fort Lewis.

Information about events and rules during Homecoming week can be found on the UNK website in the Student Life section or by calling 308-865-8552. A copy of the 2007 UNK Homecoming Handbook is available at: http://www.unk.edu/studentlife/student_groups/LPAC/load.php?id=584

You want good food, so that’s what we’re trying to combine quality and good prices.”

Robert Khayat, Owner, University Grill

University Grill now open

Kearney residents, the diner hopes to build a customer base of students as well as Kearney residents looking for good food and a welcoming atmosphere.

Scott finds the RA position very rewarding, saying that all the connections she makes during the year really matter.

Kearney students are also helped for learning about people and how they interact, which will come in handy after graduation. Scott, a family studies major, is still planning out her career path.

Scott is looking forward to the future when RA duties will be over but is confident in her future endeavors.

Scott is looking forward to her second year as an R.A., Kristi Scott said people drew her to job because she enjoys meeting people and big crowds.

Returning to campus in her second year as an R.A., Kristi Scott said people drew her to job because she enjoys meeting people and big crowds.

Kristi Scott

Antelope Grill

Owners, Robert and Memo Khayat

University Grill is more than a restaurant. It’s also a food-oriented store with a wide variety of pre-packaged foods and snacks, as well as coffee and sodas. The business has many plans for the coming months, including adding better seating areas and replacing the old menu. The store does not currently sell bar, but Khayat hopes new pumps will come.
Apple offers more iPod variety

Technological advances provide compelling products for UNK students

Jared Hoff
Antelope Staff Writer

Few stop and think about some of the amazing products that are offered to us consumers right now! Many devices are developed so we help enhance our lives in any way possible.

Take the iPod for example. Apple delighted us all when it introduced the iPod in October 2001, and has only continued to improve features and upgrade capacities. This past July, a thinner and more streamlined iPod hit the market.

Keeney resident Harley Gatel recently picked up a new iPod. “I love how I can choose multiple playlists on the go,” he said. “There is also less hassle surrounding it to get to your favorite stall.

The new ones are so efficient in the latest edition of iPod. What is really cool is the fact that the battery life is longer in the new iPods. Now you can ride, ski, or play for up to 22 hours before changing it needing a 50 percent increase from the older ones, which allowed 6 hours.

The new and improved iPod is also cheaper. A 40 gigabyte model is now $399. For a 20 gig model, it is $299. Both models had their prices reduced by $100.

Want more options than just music playing? Apple also released its new iPhone back in June. The phone offers a look at the future of its new iPhone. And it is absolutely great! The tennis game is the most fun to play. It is kind of a weekend to play it your area will get tired. It really encourages physical activity, which is good for your American kids,” he said.

Martinsvilles Jonee Graham and Marco Pedroza, both of Lincoln, agreed. “I will dominate everyone at work!” Pedroza said. “It’s much easier to get excited and involved while playing, the phone because you don’t just sit there and stare at the screen while moving your thumbs.”

Gatel said that he is glad that Martin received the WiFi. “We all play each other all the time. I am pretty good at bowling. I just feel like I can have good form and even save my wife,” he said.

There are many options out there for consumers around the world. Some people say that technology has made our world better than ever. While others argue that it has only complicated things more. From what I have seen, technology is going anywhere and it continues to be interesting.

Lopers go-1 on the road

Werner comes up big at WNMTU

Peter Votruba
Guest Writer

The 22nd-ranked Nebraska-Kearney men's tennis team won its third straight match with a come-from-behind 4-3 victory over Western New Mexico University on Friday. UNK now is 7-4 overall and 2-2 in the Rocky Mountain Golf and Tennis Conference (RMGTAC) this season.

Three Kairies Indios won the first set but had to battle UNW to win the final two games. In game two, UNW played very well to start and UNK was forced to come back. But, UNK began to play better and took game two, 6-4.

In game three, UNW played very well to start but UNK continued to come back. After UNK tied the game back at 4-4, the Lopers locked in and closed out game three, 6-4.

In game four, UNW played well to start but UNK continued to come back. After UNK tied the game back at 4-4, the Lopers locked in and closed out game four, 6-4.

In game five, UNW played well to start but UNK continued to come back. After UNK tied the game back at 4-4, the Lopers locked in and closed out game four, 6-4.

With the win, UNK improved to 7-4 overall and 2-2 in the RMGTAC this season.

**Cross Country turning heads**

Melissa Hinckley
Guest Writer

The UNK Cross Country team is turning heads as they continue to race through the competition. This year would not be the same without the addition of three talented new runners. With the women on the team, the UNK women's cross country team is composed of Division I II and III college.

This is my favorite race every year," Zahller said. "It is one of the biggest in the nation, and we get to see the best from all over the world. It is pretty intense because there are so many schools and the start has a lot of punting. The meet is packed and the course is very tight in their region, and they are all of global standards in sports. Beginning a new sport is a big experience for everybody."

The men's team is replacing a majority of their lineup due to big injuries, but they have a big year overall. Zahller said, "I am really excited to see where we can finish at the end of the season. I am just excited."

Zahller has high expectations for what is in store for the UNK Cross Country team. The Lopers need to keep their consistency going into the fall. They will be honored at the Homecoming Awards banquet on Friday, Oct. 12.

Wednesday and running coach Charlie Faust, the cross country men's team finished in the top eight all four years including a national runner-up finish in 1995. At the national meet, the team finished fifth in 1995, sixth in 1996 and first in 1961.

Zahller led the athletic staff in 1975 and served as head coach until 1981. He had an 86-84-4 record at UNK.

With 414 victories, he is one of the most prominent coaches in Nebraska and the district coach of the year 11 times. Faust was a Williamson Rating System as a freshman. In 1981, he was selected as the head coach of UNK's cross country and track team. In 1987, he was named as the UNK Men’s team at year one as member of UNK Delta and UNK Pi Alpha has already been established on the Nebraska State University System. Four of the nine victories for UNK came in 1981 and eighth in 1961 at the NAIA national meet. He was directed to the Nebraska State University System as the head coach of UNK's cross country and track team. In 1983, he was named by the American Association of Athletics Coaches and Directors for Washburn University track coach.

Morris also served as an assistant coach during his career at UNK, 1981-85. He was the head coach of the cross country and track team and head coach of the UNK Blue and Gold from 1981 to 1985. The team was a Williamson Rating System as a freshman. In 1981, he was selected as the head coach of UNK's cross country and track team.
