Bowling raises funds for Pleasanton child

by Leslie McCormick
Assistant Staff Writer

Foul-like symptoms are running rampant on the UNK campus, as well as across the rest of the state of Nebraska. "I was sick before Thanksgiving, and now I'm getting sick again," Kacy Rainey, Brinkelman senior, said. She doesn't usually get sick so much, and it makes getting to class and doing homework difficult.

Many other people feel the same way. Class attendance is suffering because students and faculty are staying home to recover from the flu and to prevent it from spreading to other people.

"We are seeing more complaints of influenza symptoms this year rather than what we typically do," Peg Nyffeler, Assistant Director of Student Health, said. She said that the numbers usually peak after Christmas, but nationally the numbers are very high for this time of the year. Student Health is also treating complications from influenza such as bronchitis, pneumonia and ear infections.

"We are seeing a lot of students that have high fever, chills and cough, which occasionally have similar symptoms to influenza," Nyffeler said.

The Centers for Disease Control (CDC) has reported that people across the country are getting sick with the flu earlier in the year than usual. It reports that laboratory tests from across the country are indicating that a greater proportion of specimens testing positive for influenza are type A (H3N2). Type A has been associated with more severe flu seasons during which higher numbers of influenza-related hospitalizations and deaths occur.

Nebraska is one of 13 states reported to have a widespread flu outbreak, the highest designation by the CDC. The states are Alaska, Arkansas, Colorado, Idaho, Nevada, New Mexico, Utah, and Wyoming. In Nebraska, the flu has been seen in 21 school districts, including 11 in the Omaha area, as well as across the rest of the state of Nebraska.

"UNK has established a Senior Walkway immediately south of Cape Memorial Fountain," Frazer said. "Those who participate in the program will have their bricks placed on the walkway with others from their class."

"Rather than return to campus in the years to come, this permanent memorial will be there as a reminder of your years here," Frazer said.

The SAF and University Foundation Hope to improve on this aspect by placing bricks in the walkway on a yearly basis and by assisting in the clean-up and maintenance of the bricks on the walkway. "I think this program is a very good idea. I really like the idea of having a brick with my name on it on campus. It gives students the opportunity to give back to UNK and help undergraduates. It's definitely something I'll consider when I'm a senior," Katie Campuzano, Kearney freshman, said.

The final thing seniors will receive through the Senior Appreciation Program is the opportunity to fund a scholarship of their choosing. "Students receive a donor-plaque for their chosen scholarship, which often includes a check from the donor," Frazer said. "We'd like seniors to consider when I'm a senior," Katie Campuzano, Kearney freshman, said.

DECEMBER EMPLOYEE CELEBRATION
Michelle Catherine, Secretary II in the Department of Industrial Technology (ITEC), has been selected as a finalist for the Nebraska Student Union Employee of the Month. The employee has been at the University for more than 20 years and is aloud to be the recipient of several writing awards, including Campus Life, Employee's Choice Award for The Search for Flavor and in the 2013 Kellogg Honors for the Dragon King Eclipse the winner will have two children and currently reside in Lincoln. The owner of the room found nothing missing, but an investigation was made regarding the open window. A female reported that two suspects entered the building and got into a car. No other information was given.

Every December, my mom and I drive to Omaha for a weekend of Christmas shopping. We begin our day, as usual, in the Harold Washington Library Center and find ourselves in the beautiful, ornate Old Market, an array of restaurants and gift shops that is nothing like the "Hot Naked Chicken" offered at my school lunches. We meander through the crowds of people buying me gifts. I love Christmas, but once you've been through a few years of the holiday season, the only thing that's left is the buying and receiving gifts, but this year I have a different focus. I want the true meaning of Christmas to be the focus of the season. Why do we let the commercialization of the holidays ruin our focus? The holidays have become such a production of lights and presents that the true meaning of Christmas is beginning to fade. It is this light that has helped me to realize that the true meaning of Christmas is the love that we put into it. We can put so much money on our gifts that we don't even know why we are doing it.

This week it was -7 degrees outside. The wind under the snow wets our faces and makes it hard to breathe. I couldn't imagine walking outside in the snow right now. I was right. The list of school cancellations filled the buildings, art deco-style structure located directly across from the Old Market restaurant. The funky hats, obscure indie CDs, and holiday happenings. I am so glad that I was able to escape the shops to take in "The Christmas at the Cathedral." The Omaha Symphony Orchestra and Omaha Syrinx joined forces to bring a beautiful selection of traditional Christmas music at St. Cecilia's Cathedral. The performance was so moving that I could not help but cry. I also love Christmas, and I can't help but want to buy presents all year round. Day to day to open the gifts before Christmas so I don't have to wait to open the gifts until after Christmas. I love the feeling of giving and receiving gifts, but this year I want to focus on the true meaning of Christmas.
**Jazz Ensemble swings and sizzles**

*By Sarah Skarka*  
Antelope Staff Writer

The Fine Arts Center Recital Hall was a swingin’ place last Saturday night as the University of Nebraska at Kearney Jazz Ensemble Full Concert got underway at 7:30pm. Directed by Dr. James Payne, Jazz/Rock Ensemble Director at UNK, the concert featured Mike Metheny, a free-lance trumpet/computer/soloist and music educator in the Kansas City metro area. Metheny noted from Lee’s University of Illinois, and has degrees from the University of Wisconsin, Indiana University Northwest, and Northeast Missouri State University. The musician also serves as the editor of Kansas City Jazz Ambassadour Magazine.

Metheny has been playing since 1971, in the United States Army Band from 1971 to 1974, and became a faculty member at Boston’s Berklee College of Music, where, after a few years of touring, he devoted more time to his own music. While residing in Boston, Metheny led his own jazz quartet and played with a number of ensembles throughout New England and across the United States. Having recorded seven solo albums and a number of instrumentals, Metheny has a wide range of repertoire from the 1940’s, 1950’s, 1960’s and 1970’s, 1980’s and 1990’s.

The group obviously spent a great deal of time practicing and stretching. Its repertoire includes a variety of styles, and Metheny’s audience reflected the diversity of his music by responding to his trumpet, trombone, piano, and drums Live-Blow-like program. The concert also featured the UNK Percussion Ensemble, UNK Horns, UNK Jazz Ensemble, UNK Rock Ensemble and UNK Percussion Ensemble.

The UNK Jazz Ensemble has the audience on their feet with “Dulci Jubilo,” was beautifully performed by the UNK Percussion Ensemble, UNK Horns, UNK Jazz Ensemble, UNK Rock Ensemble and UNK Percussion Ensemble. The performance was an overall enjoyable experience.

Band makes music for the holidays

**Photo by Taylor Smith**

Senior, said. "It’s fun, and it’s not just for art blowing, register early, because blowing has grown not only at UNK, but also on a worldwide scale. In an effort to promote the work of glass blowing, you must first register, because the glass is so fragile.”

"She’s good at getting you to make a work of art,” Myers said. "I think this school is turning out the best musicians in the nation." Myers said.

Though this section was made up of many different types of instruments, was definitely a work of art. "We need new tools and new music for the future," Myers said. "There are so many different kinds of instruments that are being made these days, and we are not utilizing them all." Myers said.

Although the popularity of glass blowing is continuing to grow, it is important for the artists to know that their work is appreciated. "Take a second to remember the hard work that went into this piece,” Myers said. "There are so many different kinds of instruments that are being made these days, and we are not utilizing them all." Myers said.
Two lady Lopers earn All-American honors

by Jurena Griebel
Assistant Staff Writer

The University of Nebraska-Kearney volleyball team had an outstanding season and received recognition. The Lopers ended the season with a record of 31-7, competing in the NCAA Division II Elite Eight tournament. The Lopers outscored two teams named All-Americans.

On Nov. 21, they began play in the Southwest Regional Tournament in Denver, Colo. “I think our objectives heading into this Regional were very specific. Our focus was to win the tournament. As we have been all season - we wanted to play just a little better than we did the week before. Fortunately, we put a couple of very good matches together and made some key plays that we had to,” the girls played outstandingly. “The Lopers didn’t make many mistakes. Rick Squiers, UNK Volleyball Coach, said.

The Lopers came out strong, the first round of the tournament, and they played their first match against St. Edwards, of Texas, who were the #2 seed and the #5 team in the country. Going into the match the Lopers, St. Edwards had a 22-match winning streak. Which is why all of the Lopers acknowledged the Hilites in four games (-22, -19, 14, 14).

Some of the things we were focusing on going into this week end include defense and communication. With good defense, it’s much easier to hit and, with good communication, unnecessary errors can be eliminated,” Bethany Spitko, Council Bluffs, Ia., sophomore setter said. Free UNK players reached double figures in kills, led by Erin Arnold, Casey, Wyo., junior, who had 25 kills, and 19 digs. Erin Gudmundson, Kearney sophomore, also helped the Loper effort with 22 kills, 15 digs and six blocks. Erin Brose, Grand Island senior, led the team with a 300 average, and 14 kills. Samanth Hauser, Taylor sophomore, added 11 kills to the Loper victory, and Kyle Bangs, Grand Island freshman, contributed 10 kills and three blocks. On the defensive end for the Lopers, Lisa Dvorak, Grand Island junior, had 14 digs.

Arnold passed the milestone of 500 kills for the season, with 31 in the eighth Loper to pass the 500 kill per season mark. Gudmundson also passed a milestone, breaking 1,000 kills for her career, with 1,018. The Lopers have been playing in the championship against us.”

The Lopers, as Southwest Regional Tournament Champions, then advanced to the NCAA Division II Elite Eight Tournament, which was held in San Bernardino, Calif. December 1. UNK began the tournament facing off with Grand Valley State of Michigan on Thursday, December 4. It will be the Lopers’ first Elite Eight appearance since 1996.

“When we first had the chance to compete against some of the best teams in the nation, and to see how we stand against them,” Erin Arnold said. “I only wish the older girls from my first two years could have had the same chance because they truly deserved it and we have learned from them.”

The Lopers, as Southeast Regional Tournament Champions, then advanced to the NCAA Division III Elite Eight Tournament, which was held in San Bernardino, Calif. December 4. UNK began the tournament facing off with Grand Valley State of Michigan on Thursday, December 4. It will be the Lopers’ first Elite Eight appearance since 1996.

“We don’t want to change our game plan too much. We have always wanted to attack teams with our serve and with our hitting abilities. We seem to now when we are consistent in all areas of the game and when we stay aggressive,” Arnold said.

As an added bonus, Coach Squiers went to the Elite Eight with a new hairstyle, since he told the girls at the beginning of the year that if they made it to the Elite Eight, he’d do them his head.

“The new haircut is great - easy to manage. I might just keep it the way it is,” Squiers said.

The 4th-ranked Lopers played 16th-ranked Grand Valley State (Mich.) Thursday afternoon in the national quarterfinals to end the tournament in three games (32-28, 27). This was the Grand Valley Lakers fourth straight time going into the Elite Eight, and their experience may have shown through against the Lopers.

The Lopers were held to a .205 hitting percentage, while the Lakers had a .273 hitting percentage. Arnold led the Lopers with 16 kills and 11 digs, while Gudmundson chipped in 12 kills, six digs, and three blocks.

Mikala Gleason, Holdredge freshman, added to the UNK effort on defense, digging 15 balls, while Amanda Ouma fresh- man, had 12 digs. Brett McCurdy, Lincoln junior, contributed 10 digs.

As a result of an outstanding season, the UNK volleyball team now boasts two players on the American Volleyball Coaches Association All-American team.

The Lopers earned second ranked honors, while Arnold is on the third team. This marks the first time in UNK school history that two players have earned All-American honors.

Arnold and Gudmundson are the seventh and eighth players to receive their honors.

Congratulations to the Lady Lopers on a phenomenal season, and best of luck in 2004!

UNK volleyball team boasts a 31-6 season record, advances to win Regional. Teammates Gudmundson/Arnold All-Americans.
 compasshur say goodbye to Frank Solich

by Linda Bluestein 

Say goodbye to tradition. Say goodbye to the values NU football stood for. Say goodbye to the Osborne legacy. Last week, one man made a decision that affected not only our state, but the whole nation.

When the rumors were started by anonymous sources about Frank Solich being hired, fans were skeptical. Most people felt that as long as Solich and his team went, Nebraska would have the Colorado game, Solich the coach they earned.

Fans weren’t the only ones in disbelief. Even the coaches of some of Nebraska’s rival teams couldn’t believe the change was happening.

“Frank Solich has been so loyal to Nebraska for so many years,” said Dan McCarney, Iowa State coach. “I haven’t heard of anybody who is as loyal as Frank.” Sherwood even believes that he may have never even heard of him before.

“Loyalty in the coaching profession is rare,” Dan McCarney said. “I am impressed by his dedication and commitment.”

During high school, you may have been faced with a difficult decision. Pick a school and stay, or pick a school and move on. It can be a daunting choice, but when you are faced with the decision to change schools, you have to weigh the pros and cons of each.

Today, we are faced with the decision to change schools. We are faced with the decision to change coaches. We are faced with the decision to change our football program.

The longer he waits, the more valuable recruiting time he is wasting. Nebraska football could no go one of two ways. Pederson may have caused a lot of mistrust that could lead to the loss of values in the system, especially if the new head coach has a less than perfect resume. Jimmy has to be more than a friend to the players.

Pederson will have to work hard to build back the loyalty and trust of the team.

For decades, it has been the loyalty of the fans that has, in part, made Nebraska the team that it is today. We will have to wait and see how the team will react to this change.

And the new head coach will have to do some damage control to the team that Pederson built. He will have to win games for the fans, and build back the trust of the fans.

On the other hand, the change may be good for Nebraska. It may be time for Nebraska to get rid of the old guard and bring in a new one.

The Omaha World-Herald.

The Student Envoy program promotes UNK

Nine students attended an informational speech about the Diamond Lopes (right next to the Student Envoy program) at 7:30 p.m. in the Nebraskan Diamond Lopes (changed from informational speech about the Student Envoy program) at 10:00 a.m. - 12:00 p.m.

The Kearney Area Barbershop Chorus performed at Central Elementary School Sunday evening to raise money for the Kearney Performing Arts Center. The event, sponsored by the Kearney Performing Arts Center Education and TensorFlow, included a performance of popular barbershop songs and a raffle for a chance to win a trip to the upcoming Barbershop Harmony Society convention in Kansas City.

The Kearney Area Barbershop Chorus is a local group dedicated to preserving and promoting the barbershop Harmony Society style of singing. The group is made up of men and women from the Kearney area who come together to sing a cappella and have fun.

The group’s performance on Sunday evening was well-received by the audience, with many people expressing their appreciation for the group’s dedication to preserving this unique form of music. The raffle also proved to be a hit, with many people purchasing tickets to support the Kearney Performing Arts Center.

The Kearney Performing Arts Center is a local venue that hosts a variety of events, including concerts, recitals, and theatrical productions. The center is dedicated to providing quality entertainment to the local community and is supported by the Kearney Arts Council and other local organizations.

For more information about the Kearney Area Barbershop Chorus or the Kearney Performing Arts Center, please visit their websites or contact them directly.

Throughout our college careers, we will change many different things about ourselves. It is something we will do going into a new semester or going into a new year. We will change to be the best person we can be.

You will be the only person in the class. You will be the only one in the room. You will be the only one in the world. You will be the only one in the universe. You will be the only one in the galaxy.

You will be the only one in the galaxy. You will be the only one in the universe. You will be the only one in the world. You will be the only one in the room. You will be the only person in the class. You will be the only one in the world.

You will be the only one in the world. You will be the only one in the universe. You will be the only one in the galaxy. You will be the only one in the classroom. You will be the only one in the world. You will be the only one in the universe. You will be the only one in the galaxy.

Doctors, hospitals flooded, flu shots in short supply

From Platte, page 1

Jeanne Akenson, communication officer for the Nebraska Department of Health and Human Services, said the department has received widespread reports of the flu outbreak, most from Omaha, Lincoln, Grand Island, Columbus and Haunepyp. Do not hallucinate.

Douglas County, which includes the city of Omaha, reported Monday on 120 new cases of confirmed cases of influenza A. Since Thanksgiving, the total has risen to 464. That was nearly double the number from a week ago. Only one case was reported in Douglas County during last fall, according to the Nebraska Department of Health and Human Services.

Kearney, Grand Island and Lincoln have also seen increased numbers of confirmed influenza cases this year compared to previous years.

The flu outbreak in Nebraska is spreading fast with patients and researchers alike. Great Plains Regional Medical Center in North Platte has even issued an alert to physicians and placed protective masks at all entrances in an effort to prevent the virus from spreading, according to the Associated Press. Other Nebraska hospitals have also been forced into high alert mode as a result of the influenza outbreak.

According to Nyfeler, the best protection from the flu is to get vaccinated. The only prob-

From page 1

Feces were sent to the mount of the mountain to search for the return of the sun. When the first light was seen, the scouts would return with the news. A festival would be held the Yule Tide, and a special feast would be prepared, with a fire burning with the Yule log.

The Romans decked their halls with garlands of laurel and green trees with letters. With candles and arches, the Romans would exchange wreaths.

During the Christmas season, a solemn and religious holiday, no one of cheer and festivity like Saturnalia. But as Christianity spread, so did the use of celebrations for pagan festivals.

The Yule log was used by the Germans and other European countries. In England, the Yule log represented the life and death of a man. It was carried into a turned a celebration of the Christian era.

The Yule log was later used by the Germans as a symbol of the coming of Christ.

Not long ago, we were all deciding which path to follow in our lives: careers, families and friends, schools, etc. We’ve all spent daily lives under the common decision we all made was to attend college.

During high school, you may remember receiving phone calls from prospective colleges and universities asking you if you had any questions about their school and programs. You asked yourself a handful of questions, such as, “Who is this person?” “Why are they calling me?” and “How did she get my name?” The phone call from that friendly college student that called you expected about college, scholarships, life on campus, high school graduation and scholarships.

The Student Envoy Team at UNK is an organization that was established to increase awareness, knowledge and perceptions of potential students about UNK. The purpose of the Team is to recruit potential students for UNK in conjunction with the Admissions Department. It helps to foster a positive image in the minds of parents and potential UNK students.

The group has several activities. They will help coordinate the baseball team’s community service, be helpful in the old folks’ homes, helping with lunch programs, reading to a second grade and helping with community service activities. It is her duty to talk to students about their role in the UNK community and who want to improve the university. Willadsen said The Team members attend college events and they make sure that students don’t miss opportunities to learn about UNK. Students have the opportunity to eat lunch at Churreria, attend a college class, take a tour of campus guided by campus tour students, sit in on a student lecture, attend basketball games for free. This year, the Greek community is planning a BBQ for the students.

This is a chance to give something back to UNK. Additionally, sometimes I have the privilege to talk to a student who is really interested in (UNK), and I make a difference in how they view college,” Willadsen said.

People who are interested in becoming a UNK envoy should email willadsen@unk.edu or the assistant directors. Josh Carroll and Tasha Kramer will coordinate the team in recruiting students interested in leading a tour group for Senior Day.

“Envoys have done a fantastic job getting on the ball, getting their role in UNK recruitment and have done a positive job representing the university,” McCready said.

Cohuskans say goodbye to Frank Solich

Say goodbye to tradition. Say goodbye to the values NU football fans are used to. Say goodbye to the Osborne legacy. Last week, one man stood for. Say goodbye to the values NU football fans are used to. Say goodbye to the Osborne legacy. Last week, one man

“His aren’t the only ones in disbelief. Even the coaches of some of Nebraska’s rival teams couldn’t understand the possibility as long as Solich and his team won the Colorado game, Solich’s job was secure. Say goodbye to tradition. Say goodbye to the values NU football fans are used to. Say goodbye to the Osborne legacy. Last week, one man

Fans won’t be the only ones in disbelief.
