The Blue & Gold

of

1931

THE Kearney State Normal doors opened they say,
In 1905 on a bright summer day.
For thirteen odd years it was known by that name,
But in 1918 a State College became.
From four hundred-thirty first students enrolled
The number increased to 850 we're told.
Junior diplomas issued a full twenty score,
While degrees have been granted—five hundred or more.
As our college keeps growing, more instructors arrive
Increasing from fourteen to our now sixty-five.

Dedication

UGUSTUS ORLOFF THOMAS not only makes organizations grow, but himself grows by that process, passing from one plane of endeavor to higher levels of influence. Superintendent of city schools, commissioner of education for Nebraska

and for Maine, he is still better known as founder and builder of institutions. This is his life-work. From the inception of the idea, he has nourished two remarkable projects, planting the seed, fostering the growth, rejoicing in the fruition. In Kearney he is acclaimed as the first president of the State Teachers College; among the nations he is honored as the president of the World Federation of Education Associations.

To Doctor Thomas—man of vision, man of faith, man of achievement, this book is dedicated.

Foreword

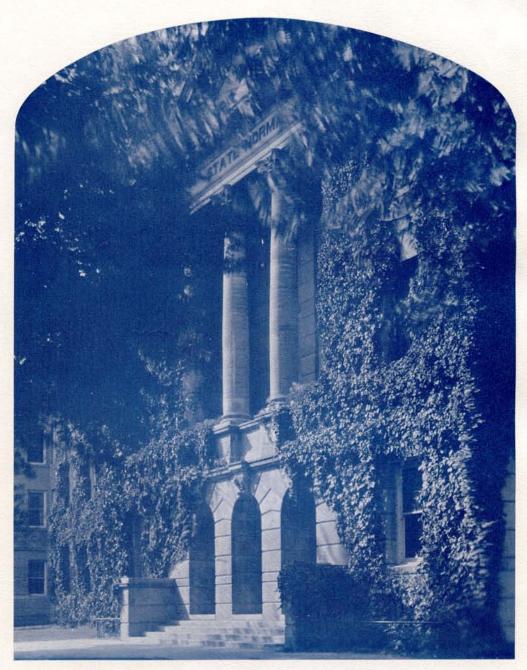

E pause for a moment far up the hither slope of 1931 to look back upon the landmarks of the past quarter century. As the blue shadows proceed to enwrap the panorama, eyes grow tender, heart throbs quicken, new and higher aspirations re-

quicken, new and higher aspirations replace the sordid and the mean. Reverently we salute the past. Cheerfully, confidently we face whatever the future may demand. We must make the next quarter century ever more distinguished than the past. Hail to the broadening horizon!

Massive pillars—graceful arches—draped with clinging vine, Emblematic of our hearts where friendships intertwine.

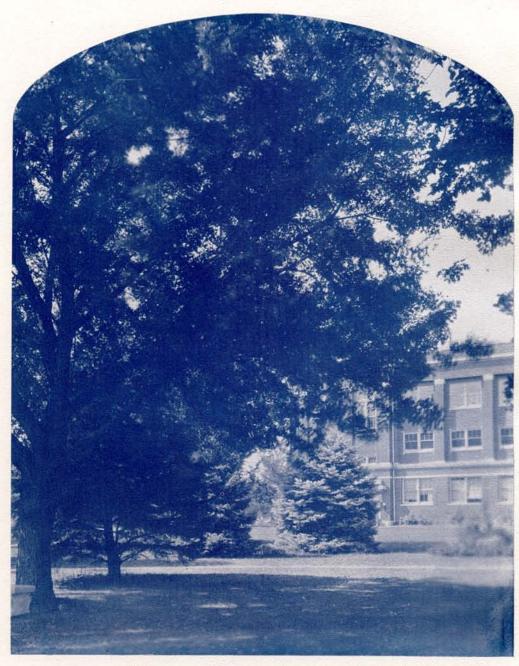

Unknown path or traveled road, which is the one to take? It's not the path, or the rate you go, but the imprint that you make.

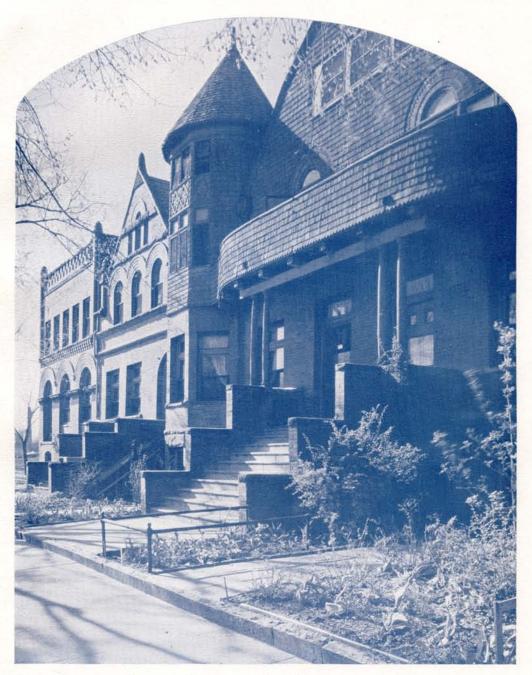

Ribbons of sunlight, combined with restful shade, Provide a pleasant place to sit while dreams are being made.

Training for his work is done Within these walls by everyone.

The campus calls us from the many tasks assigned, And to the call we yield, the tasks resigned.

Balcony and turret, partakers of romance At springtime garden party, or winter's formal dance

This gateway to all a message will tell, To those coming a "Welcome" to those leaving "farewell."

Byron Klein

Byron Klein was born January 7, 1907, and died as the result of an automobile accident, August 26, 1930.

August 26, 1930.

His school record was excellent. He attended Kearney high school for two years, then withdrew, owing to the illness of his mother. He entered the Training high school after five years, completing the work in June, 1929. The following year he spent in K. S. T. C. preparing for his chosen work as a government aviator.

Byton was always popular, a leader in school work and in school activities. He had a keen sense of humor and a friendly spirit that endeared him to all his acquaintances. He leaves a host of friends to mourn his passing.

Elmer Skov

Elmer Skov was an all-round college man, who found in school activities a development of three sides of his nature—the physical, the mental, the artistic. During his two years at K. S. T. C. he participated in basketball and track, he represented Kearney on the college debate squad, he served as president of the Theater Arts League, and as editor of the Antelope. A keen mind and marked native ability combined with gay good-humor and a light heart made him beloved by students and faculty alike.

His interest in creative writing led Skov to enroll in the school of journalism when he entered the state university in 1928. He worked on the staff of the Daily Nebraskan, finally becoming sports editor, and a member of Sigma Delta Chi, professional journalistic fraternity.

Harold E. Tussing

Harold Edward Tussing, youngest son of Mr. and Mrs. D. E. Tussing, was born November 17, 1908, near Odessa. He was called to his Master, May 1, 1930, the victim of an accident at the Odessa railroad crossing.

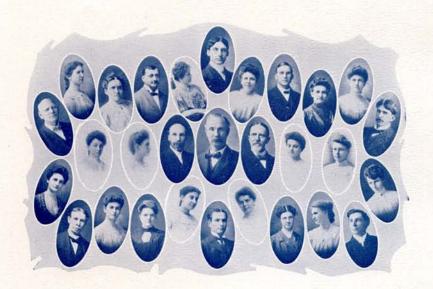

He was always interested in the activities of his school and his home; he was an able leader. His clean, wholesome character was an inspiration to all who knew him.

He received his education at Odessa and Elm Creek. He had chosen teaching as his life work, and at the time of his death was attending the State Teachers College at Kearney. In Memoriam - - H. O. Sutton

Professor H. O. Sutton was a member of the faculty of Kearney State Teachers College from September, 1905, until he passed to his reward, March 6, 1931.

Professor Sutton had the keen sense of humor, the devotion to his work, the vision, the indomitable spirit so indispensable to the founding and to the development of a worthy educational institution.

Thoroughness, high standards of efficiency, enthusiasm for his work, and inspirational teaching combined with daily exemplification of clean, up-right, consistent living, honesty in thinking, sincerity of purpose are the qualities which made him a Master Teacher.

We, his co-workers, know him as a courteous gentleman, helpful, capable, lovable, sincere. He never betrayed a friend. He never betrayed a confidence. He would rather be true to his ideals and standards than to be popular.

Kearney State Teachers College owes no small part of its efficiency, its standing among colleges, the respect accorded it by the educators of our state to the untiring efforts, to the influence of the one who has finished his work among

What we all feel most deeply and can find no words to express is our irreparable loss in the passing of Professor Sutton the teacher, Professor Sutton the man.

He who was ever seeking to understand the unknown has entered upon the most glorious of adventures, the mystery and privilege of death. Yet he lives and will live in the hearts and lives of students, fellow teachers, and friends than which there can be no greater, no more lasting monument.

Mr. Sutton willingly accepted an added duty last August as sponsor of the class of '31 and from that time to his death he was an invaluable adviser to the members of the class. Mr. Sutton, who received his B. S. degree from the University of Nebraska in 1898, is one of the five present faculty members to whom we may look with pride as the real pioneers of our college. He began work when the institution was founded and since that day his life has been interwoven with its life and activities.

Mrs. Webster has stood by the class of '31 through all the storms of four years duration. Luckily there were days of calm also.

To these two sponsors whom we revere and to whom we owe much gratitude and praise we hereby express our appreciation of the splendid service they have rendered to the senior class of 1931.

The junior class, though small, is gaining every day in dignity and influence. The juniors have this year had charge of the first of the interesting class convocation programs. The party given for the freshmen was one of the outstanding social events of the year. We hope to make the Junior-Senior banquet worthy of the class which we seek to honor.

Much of our achievement as a class is due to the interset and untiring effort of our sponsors, Miss Robinson and Mr. Mantor.

Miss Alice M. Robinson received her A. B. degree from the Nebraska State Teachers College at Kearney, and her A. M. degree from the University of California at Berkeley. This is her fourth year as Latin instructor in Kearney State Teachers College.

Mr. L. E. Mantor received his A. B. degree from the Iowa State Teachers College, and his A. M. degree from the University of Iowa. He was a Roberts Fellow in History at Columbia University during 1926-27. This is Mr. Mantor's fourth year in Kearney State Teachers College as head of the Social Science department.

Dean is Hostess to Senior Girls

Mrs. Ruth E. Elliott was a charming hostess at her home at the Motor Lodge Saturday afternoon, January 17, to about thirty-five senior girls and their sponsor, Mrs. Romayne Webster.

The girls arrived about two-thirty and after everyone had been introduced to everyone else, several contests were held. One was to see who could write first the names of all those present. It was surprising to know how many the girls did not know. Clare Flagg was winner of this contest. Her prize was an attractive memorandum book. The second was a race to see who could answer first various facts concerning the college. Maxine Godfrey was the winner, her prize being a memo pad. Miss Evelyn Boldt, who was in charge of this part of the entertainment then gave the Seniors an intelligence test on which they did very poorly-"even worse than the Freshmen would," she remarked. However, the Seniors didn't feel that the test was very practical.

Each Senior chose her own sort of entertainment for the rest of the afternoon. There were tables of bridge, rook, somerset, and parchesi. From the sound of the laughter and talking heard everyone enjoyed herself immensely at these games.

Mrs. Elliott, noted for her delicious luncheons, was not in the least a disappointment to anyone present in regard to the refreshments she served. There were nut bread and toasted cheese sandwiches, garnished with pimento, coffee, raspberry sherbet, cake, and mints and nuts. A color scheme using pastel shades of green, orange, pink, lavender and yellow was used in regard to candles, linen, dishes, and glassware. No small detail was omitted even to the dainty green lumps of sugar cut in shapes of hearts, diamonds, clubs and spades.

Junior Girls Guests of Mrs. Elliott Jan. 24

Mrs. Ruth Elliott, dean of women, entertained in a very pleasing manner the Junior girls of K. S. T. C. at her Motor Lodge home Saturday afternoon. Miss Robinson, Miss Boldt, and Miss Enochs and nineteen members of the Junior class were the guests.

After a short time spent in making acquaintance with each other, Mrs. Elliott took pleasure in showing the girls the shrubbery and many varieties of trees planted about the lodge.

Some very interesting contests were sponsored by Miss Boldt. The first was the "Get Acquainted" contest in which each guest wrote as many of the girls' names as she could recall. Hazel Daddow was the winner of first prize. The next was a competition in which each of the girls endeavored to write the "most" facts about K. S. T. C. Orva Meyers proved to be the wisest of the group and won the prize. So now, dear Freshmen, if you have any doubts about

the history and status of your alma mater, consult our good citizen, Miss Meyers.

Then Miss Boldt gave the junior girls an intelligence test which she had devised. After testing its validity on the Seniors, the Juniors were privileged to find their I. Q. This test is one of the best of the standardized tests; it is easily scored and competes with Otis' and Terman's indexes of brightness. Stella Jacobsen, being honored as the most intelligent Junior, was rewarded with a very handsome gift. Chloteel Compton also received a very pretty present as a "booby" prize. She ex-claimed "It pays to be dumb." Miss Compton is the newest addition to the Juniors, and the class is sure that this clever young lady will prove to be a very capable member.

In choosing the prizes for the contests, Mrs. Elliott carried out the class colors, black and white.

Mr. C. A. Foster, an instructor in the physical science department, has acted throughout this year, 1930-31, as a competent and considerate sponsor of the sophomore class. With a willingness to assist the students and with a desire to lead them to unified class action, he has proved capable of bringing the class to a position of respect among classes. The additional work of being a class sponsor was not too great for him, for he served with initiative and resourcefulness.

Mrs. Esther Bundy Strand as co-sponsor of the sophomore class has shown herself to be as interested in the work of the class as could be desired. Her vivacity carried over into her work with the sophomores and lent its spirit to all of their activities. Capable, willing, and generous with assistance, Mrs. Strand helped make the sophomore class become the class which ranks high in activities with any organized group in the college.

The freshman class, numbering four hundred and eight, met for organization September 23. On November 7 the class furnished the convocation program. In so doing, the representatives of the freshmen proved that the class has among its members much originality and talent.

The juniors helped in welcoming the freshmen to the institution by giving a program and a party in their honor.

Sophomore Class History

The sophomore class, with only two years of college behind it, has a somewhat enviable record of activities and proceedings.

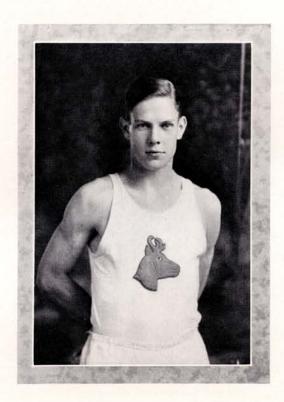

From the time of its organization in the fall of 1929 when it chose William as its first president until now the class has been consistently productive. Under the sponsorship of Professor Ryan and Miss Minnie Larsen, when the students were still freshmen, the group succeeded in staging two delightful parties, and in editing a Freshman edition of the Antelope. The presidents of the class, William Richards, Franklin Taylor, and Allan Smith, holding office in the order named, were diligent in pursuing the best course for the class. The parties came in the first and third quarters, and the Freshman Antelope (the most widely read number of the year) was published during the third quarter.

The second year, as sophomores, the class has continued its activity. Led by Lawrence Grandstaff as president the first and second quarters and Allen Smith the third, the class has progressed and prospered. Two of its members, Willis Wolcott and Martha Comstock, were chosen as the most popular students in the junior college. The social functions have been sufficiently numerous and delightful. The sophomores have become an excellent class with splendid possibilities.

ATHLETICS

Dedication

To the memory of Elmer Skov, student, athlete, and all around college man, is this section of the Blue and Gold dedicated.

Killed in a car accide Brilliant boy

Ted James

Ted James, Kearney's Athletic Director and Head Coach came to the Antelope school with a long and brilliant athletic record. As a member of the Greeley, Colorado High School he distinguished himself in football, basketball and track. After being graduated from high school he became a member of the University of Nebraska's football and track teams. He lettered for three years as center in the days when Nebraska was noted for its "bone crushing lines" and was selected as a member of the northern team that played in the North-South Charity fray. He was a

member of the all-Missouri valley team in 1927-28 and a member of Rockne's all-Western team in 1928. He received honorable mention as all-American center in the same year.

In track "Ted" lettered as a javelin thrower.

When his college competition ended he played one year of professional football with the Frankford Yellow Jackets of Philadelphia and then accepted the coaching position at Kearney. In his first year he turned out the only Kearney grid squad to go through a season undefeated.

Arnold Oehlrich

Kearney is fortunate to have as assistant coach a man who has as brilliant an athletic record as has Arnold Oehlrich.

Oehlrich, after a brilliant high school career at Columbus, played for three years in Nebraska's backfield. Then for two more seasons he performed for the Frankford Yellow Jackets as a professional.

His knowledge of backfield play was

a large factor in the Kearney offense that swept all conference "grid" opposition aside. In addition to assisting with college football and basketball, Oehlrich doubles as training school coach. His young Antelopes romped away with the Sectional tournament, went to the semi-finals in the Regional affair, and finished second in the Tri-valley contests.

Capt. LeRoss Williams

NORTH LOUP.

"Cap" led the Antelopes through an undefeated season and to a conference championship, an unprecedented feat in Kearney history. His line play was one of the seven reasons why opposing backfield men usually stopped somewhere to the rear of the place from which they started. He has another year of competition.

Captain-Elect Merle Trail

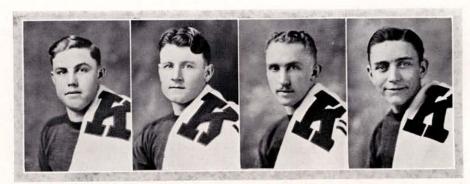

CLARKS.

"The Big Trail" will captain the Blue and Gold football men in 1931. "Hermie" was another of the seven reasons why Kearney's forward wall was nearly dent proof. He landed a tackle berth on every all-conference team and made all-Mid-Western squad.

He has one more year of competition.

Football

When Ted James looked over his prospective football material, he saw a squad of about sixty eager and willing pupils, eight of whom had distinguished themselves as letter winners. With these men as a sort of foundation Coach James set about to build a grid machine that was eventually to win the conference laurels.

James and his assistant, Arnold Oehlrich, introduced a few new muscle developers for the "Blue and Gold" lads, chief among which were a line-man torture device, and a platoon of discarded automobile tires. Just how these were used, only one who has practiced with them and come through alive, can adequately describe. However the results seemed quite successful as the white championship sweaters testify.

After the season ended, twenty-one players and trainer Varley Grantham received their sweaters. All but two of these will report for practice next fall.

KEARNEY 33-McPHERSON 0.

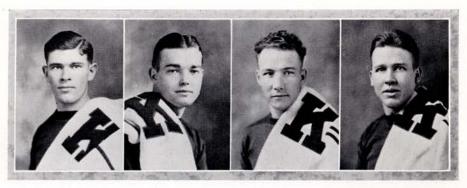

With the memory of last year's defeat in their minds, the Antelopes ran amuck in the McPherson College Athletic park. Scoring thirty-three points they served elaborate notice that here was a powerful team with which one could not trifle. This was the first game that the Antelopes played under the floodlights and the evening atmosphere produced no ill effects on the Kearney men as the results will show.

Charles Blazek, Kearney's left end scored the first touchdown of the season when he connected with a long forward pass from Merryman.

"Eagle" then galloped the intervening twenty yards to the goal line.

Later in the game Merryman scored two touchdowns and the Tollefsen brothers made one each. Bill Wolcott kicked three extra points after touchdowns.

Davis

Graham

Hendrickson

Hubbert

KEARNEY 37-McCOOK 6.

A muddy field saved the plucky but inexperienced McCook team from a more decisive defeat. Kearney made 209 yards from scrimmage while the Junior boys netted but thirty-three.

Bill Wolcott claimed high scoring honors for the evening when he twice snatched passes and scampered for touchdowns. Just to prove that he was not superstitious he raised his twelve points to a baker's dozen with a place kick after touchdown.

"Gay" Tollefsen, Malchow, Graham and Hendrickson also scampered across the goal line once.

During the course of the game Coaches James and Oehlrich used over three full teams.

McCook's lone score came after a blocked punt.

KEARNEY 12-CHADRON 0.

Playing on Chadron's field, the Kearney boys won their first conference

game to the tune of twelve to nothing. Several times the Eagles came within scoring distance of the goal line, but each time either Casey Merryman's educated toe sent the ball sailing back to mid-field or a ferocious Kearney line held the red jerseyed boys for downs.

"Billy" Wolcott's offensive ability also contributed largely to the Antelope victory although he did not score.

Merryman made the first touchdown in the second quarter and Gaylord Tollefsen took the ball across in the last period to bring the total number of points to twelve. Both tries for extra points failed.

KEARNEY 14-WAYNE 7.

Playing in their second home engagement, Ted James' pupils continued their victorious march by defeating Wayne Teachers College 14 to 7. The game was a fight from the first, and had enough of uncertainty regarding the final outcome to keep the spectators "on edge" during the entire fray.

Jordan

Malchow

Merryman

Noyes

Captain Dennis was the main Wildcat star. On more than one occasion he "ripped" off yard after yard toward the goal line. One of these netted Wayne their only marker.

Kearney's touchdowns went to Casey Merryman and Randall Tollefsen.

The game was one of straight football. Neither side completed many forward passes.

This victory brought the Blue and Gold squad another step toward the conference crown. Only the University of Omaha blocked the way to a clear title.

KEARNEY 34-Omaha 0.

Omaha University's Cardinals came to Kearney boasting an uncrossed goal line

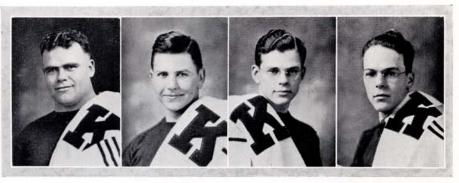

During the first half the Antelopes broke this record by sending Casey Merryman over for a touchdown. However, the brand of football played in the first two periods fell far below the Antelope standard. In the third and fourth quarters things happened. A rejuvenated Kearney line ripped great holes in the Cardinal forward wall. The backfield began to go places. Omaha "blew up" and the Antelopes scored almost at will. Randall Tollefsen scampered across the goal line three times.

Darrell Noyes, a freshman from North Loup, made the longest run of the evening when he ran back Omaha's kick-off to their forty yard line. All that prevented him from going on through for a touchdown was the fact that he ran into his own interference and lost balance. However, he scored the final marker of the game a moment later.

Bill Wolcott scored two points after touchdowns by place kicks. Hubbert caught a pass for another and the fourth was allowed when Omaha was off side.

Omaha's backfield men made but little progress through the line. Jor-

dan, Trail, Pratt, Williams and Blazek saw to that.

This Cardinal defeat left the "James boys" Conference Champions.

KEARNEY 26-NEB. CENTRAL 0.

The Antelopes won the game in a rather indifferent manner. The second and third strings saw most of the action.

The Kearney boys started their scoring when Darrell Noyes crashed through the Quaker line for a touchdown.

Later in the tussle the Centralites threatened feebly to score but James sent in the first stringers and Tollefsen and Merryman ran the ends and ripped through the line till a touchdown resulted with "Gay" Tollefsen scoring. Later on Brecht and R. Tollefsen also crossed the goal line.

KEARNEY 12-ST. BENEDICTS 0.

The Golden Antelopes raced to another victory at the expense of the St.

Benedicts' team from Atchison, Kansas.

Quarterback Randall Tollefsen carried the ball across the goal line twice, to score one hundred per cent of the Teachers' points

Teachers' points.
On the line Kearney's two ends "Dody" Graham and "Eagle-eye" Blazek were outstanding, for their tackles stopped many an ambitious purple clad youngster at the spot whence he started.

KEARNEY 0-HASTINGS 0.

A record crowd gathered in the Kearney Athletic Park on the evening of November fourteenth, and watched the Hastings Bronchos and the Teachers College Antelopes battle to a scoreless tie.

Most of the game was played in midfield and was marked by the remarkable broken field running of Mercier for Hastings. Kearney's play was brightened by Merryman's beautiful punting, the ferocious tackling of Trail and Blazek, and Randall Tollefsen's broken field runs.

After the final whistles sounded on the conference football fields, the sports writers began their annual selection of all conference teams.

When the compilations were finally made the names of seven Antelope regulars adorned the various line-ups. Every one of these will be eligible for competition at least another year.

Both Kearney ends, Dode Graham and Charlie Blazek, former St. Paul star, landed berths on some of these selections. In the backfield "Casey" Merryman and Randall Tollefsen won statewide recognition. "Pike" Jordan won a "second" all conference position as center.

Captain LeRoss Williams also made the grade as a first "all conference" selection in the line.

Merle Trail, nineteen year old Clarks boy, who measures approximately six feet four inches in height, and who tips the scales at two hundred five pounds, was awarded a tackle position on every all conference team chosen. Furthermore, "Hermic" landed a place on one all American college selection. This is the first time that a Kearney grid player ever received this recognition.

The natural tendency of sports writers is to "play up" the men scoring the touchdowns, the star punters, the varsity men. Behind these stars however is a group of boys of whom one seldom hears. They sit on the bench during the home games, and are not listed among those making the trips. They never throw the opposing half back for a loss, or snatch the winning forward pass from the air. They are the Varsities' human door mats, their cannon fodder, the fourth stringers. They are the scrubs.

Without them the Varsity would have nothing on which to practice their offense and defense. For this reason the K. S. T. C. student body salutes the Antelope scrubs. They have helped make our champions.

Kearney's New Athletic Field

The year 1930-1931 saw the dream of many Kearney athletic fans come true, which is to say the Antelopes finally secured an excellent athletic field.

At present, the stands will accommodate about two thousand spectators; in a few more seasons Coach James hopes to see over twice that number watching Kearney's Grid Contests.

One added feature of the park next autumn will be the new blue grass "gridiron." The field has been seeded this spring. This will make the ball carrier's tumble a bit less jarring as was the case in the days of the hard ground contests.

An excellent system of flood lighting is in operation, making night contests in football and track possible. Evening games attract many spectators as business men who enjoy football may more easily attend.

Before another track season comes, the Kearney field will have a new and completely cindered quarter mile runway over which spiked artists may scamper. This will be most appreciated by those athletes who during the present term have had no place to practice during wet weather.

It would be most ungrateful if we failed to acknowledge our appreciation of those who have made possible the Antelope's Park. These persons are the Kearney business men and President Martin, who have loaned at different times money to the amount of three thousand two hundred seventy-five dollars. It is these funds which made possible the present athletic facilities which the athletes of K. S. T. C. enjoy.

Basketball Lettermen

CHARLES BLAZEK

Blazek has two more seasons of competition left. He served his second year as first string center. "Eagle's" high altitude enabled him to get the tipoff consistently. In addition to this he was good at guarding and on more than one occasion his goal shooting helped swell the Kearney score. Coming from the basketball town of St. Paul, Charlie has a brilliant prep school record back of his collegiate work. He received "all conference" mention for the season just completed.

DULWORTH GRAHAM

"Dode" came to the Teachers' College from Kearney high school. This is his first year of college athletics.

Coach James used Graham at forward. So well did he perform at this post that he made the all conference team. With the three years of competition yet before him, he should win even higher honors before graduation.

RICHARD JUELFS

"Red Head," the tall Potter boy, enrolled at the Antelope institution last September.

He is a good performer, either on the maple floor or on the football field.

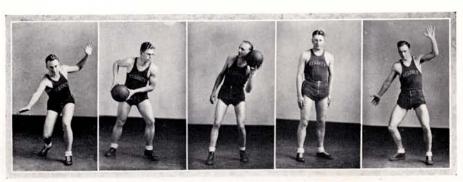

As a guard he won "all conference" honors. Next year "Red" should be a serious hindrance for all opposing goal shooters.

ORAMEL KRUEGER

Krueger was one of the boys that Ted James used to relieve the regular first stringers at various times. However, the Elm Creek goal shooter was a man whom opposing guards learned to respect. In the game with Nebraska Aggies he was the main show.

Krueger usually played at center.

Basketball Lettermen

HAROLD NELSON

Nels played his second season of college basketball. At guard he teamed at various times with Williams and Juelfs in blocking opposing goal shots.

The Brady boy's fighting spirit and quick thinking were a decided asset to the team.

GAYLORD TOLLEFSEN

"Gay" is another of the Freshmen who made the varsity squad. Coming from an athletic family, he upheld the parental athletic honor on both the football field and on the basketball court. He is one reason why Kearney's opponents for the next three years, will have much about which to worry.

LEROSS WILLIAMS

Williams is one of those men on whom one can always depend. At guard he played a clean, hard, consistent game and received "all conference" recognition. He has another year of competition.

WILLIS WOLCOTT

Bill played his third year of basketball. He has at various times during his career served in almost every position on the floor. However, forward seems to be his calling. He always played hard regardless of whether his team was in the lead or hopelessly defeated. Bill coupled with his aggressiveness an ability to score consistently from either the field or from the gift line. Next year, when he completes his athletic competition, Kearney's athletic mentors will have a hard time filling the gap he must inevitably leave.

Douglas Uehling

Uehling, who has played amateur basketball for various teams, started his intercollegiate playing this year. His height helps his game considerably.

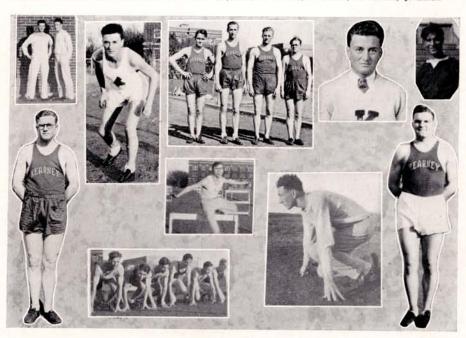

"Doug" is another bright spot in Kearney's athletic future. Watch him next year.

Harold Gall

OF EUSTIS.

Gall was chosen to pilot the 1930 track team. He is a former record holder in the mile. During the last season he entered competition in the quarter, the half mile, and in the discus throw.

Harold has two more years of competition and Kearney track enthusiasts are expecting much of him.

Track 1930

The Antelope's cinder season was a bit drab as far as winning meets was concerned, but was a decided success so far as individual champions and record makers were concerned.

As has been the custom for some years the season opened with the Inter-Class meet. The sophomores won the team honors and "Virg" Kirste, lanky Hendley youngster, was high point man and winner of the Fulmer trophy.

In the first intercollegiate meet Kearney crushed Nebraska Central 119 to 17. The Quakers were able to win but one first while Fulmer's men "slammed" the mile, two mile, pole vault, discus, broad jump and won both relays.

At the Hastings College relays a Kearney man won the two mile run in record time, and the two mile and the sprint medley relay teams placed third. In the Kansas relays an "Antelope" galloped home second in the University class three thousand meters run, placing second to Putnam of Iowa state, and defeating such men as Nagel of Iowa state, McOlrith of Grinnell (Missouri Valley mile champion) Swaney of Cornell and Gresham of Arkansas.

In the triangular meet in which Kearney Teachers, Wayne Teachers and Norfolk Junior College participated, the Antelopes were second. They also lost a dual to Wayne. In this meet Kearney won six of the ten track events and lost three of the field events, tied for one and won two. However Wayne "slammed" the century, the furlong, the shot put and the javelin while the Antelopes

were able to do this in only the two mile.

Kearney also sent representatives to the Drake Relays and National Collegiates.

During the season Burger and Dusek took turns at cracking the vault record. When they were through with it the books credited them with an altitude of about twelve feet. Kirste wrecked the old high hurdle mark when he made 15:8. "Woody" Wilson garnered a pair of records in the broad jump and the discus to be exact. "Jimmie" Schumacher lowered the half mile mark to 2:04 and Lydic ran a 9:45 two mile to establish another new "low" for that event. Lucas tied his own school record in the low hurdles, while Headburg equalled the time in the "two twenty. In addition to this a quartette composed of Kirste, Schumacher, Carlson and Gall made a new local record in the mile relay.

1931.

Lydic won the open half mile run at the annual Kansas City Athletic Club's indoor meet. The time was 2:02 1-10.

The Blue and Gold goes to press before the outdoor season begins and hence it will be impossible to chronicle an account of its accomplishments. However prospects are bright. With such men as Dick Lambert and Ken Worley, former Kearney high speedsters and state "Prep" champions, and Bill Patton, crack half miler, to reinforce such veterans as Wilson, Watts, Swenson, Carlson, Gall and Blazek, all should be well with Antelope tracksters.

Cross Country

For the third consecutive year the Antelope harriers developed into a squad that was equal to almost any team in the state, if not in the middle west. For the second year they won the Midwestern A. A. U. Championship in cross country.

At the beginning of the season the Antelopes met the Wayne runners in a dual two-mile team race. This was the first time any of the Kearney boys had faced intercollegiate competition after night, for the race was "reeled off" between halves of the Wayne-Kearney evening football game. Evidently the night air did not greatly harm Kearney's long winded gentlemen, for Lydic, Watts and Swenson crossed the finish line ahead of Christensen, the Wayne leader.

The second race of the year sent the Antelopes against Hastings College, the only school that ever defeated Kearney in dual competition in the "gallop and puff" sport. The golden jerseyed boys were out for revenge and found it. Lydic won the two mile jaunt in 10:15. Watts finished far ahead of Bierman, the Hastings runner, his rival for three years of college competition. Swenson won a fourth and the Hastings boys straggled in later.

The Midwestern A. A. U. Cross Country race was run over the Kearney three and one-half mile course. Kearney State Teachers College was the only school which entered in the team competition. However individual entrees included that of C. R. Griffen, former University of Nebraska distance star. Lydic again won first and Watts gave another exhibition of his sprinting finish, that was good enough to take a second with some yards to spare and Griffen took third place. The other medal winners were Swenson, who captured fourth honors, and Newman and Carlson, who tied for fifth and sixth.

Training School Basketball

Under the leadership of Captain Melvin Widener, and the tutelage of Coach Oehlrich, the Trainers completed the most successful year of their history. They placed second in the Tri-Valley Conference, won the District championship, and secured fourth place in the Regional Tourney. Losing two regulars, M. and W. Widener, they will start next year with five lettermen. The season record follows:

Cheer Leaders

Orville Coglizer, Martha Comstock and Lorna Lambert were selected as cheer leaders for the school year of 1930-31. These three students were very largely responsible for the fine show of school spirit that manifested itself at the athletic events.

"Cog's" famous "one, two, three" was the start of many a stirring cheer that sent enthusiasm to the Antelopes and that sent chills up their opponent's spines.

Women's Athletics

The women's physical activities are under the direction of Mrs. Janet Pickens Dunn. Her classes in swimming have indicated their popularity by the crowded pool on recreation days. Fancy diving and the more complicated strokes are taught in the advanced classes. Red Cross life saving emblems are issued

after satisfactory examination is passed. Grace and poise are taught by means

of dancing classes, which include eurythmics, ballet, technique, clogging, and folk dancing.

The physical education department at K. S. T. Ć. is one of the outstanding in the middle west.

Baseball

During the summer sessions a college twilight baseball league is usually organized, and a number of local games are played. Perhaps, if interest continues, K. S. T. C. may have once more a champion baseball team as in 1907.

Tennis

The college has a tennis club composed of students and faculty members interested in the game. Toward the end of the spring session a tournament usually determines the club's individual champion.

The purpose of the Student Government Association is to promote the scholastic and moral tone of the college; to maintain high standards of honor and loyalty; to strengthen the cordial relations between the faculty and students; and to exercise delegated legislative, executive and judicial power over the conduct of the students on and off the campus.

The Student Government Association began in the fall of 1926 with Homer McConnell as president. Presidents following him have been Clarence Lindahl, Sidney Mosser and George West. And this year Bernarr Ptacek heads the association.

The council is composed of the president, vice president, secretary, and two representatives from each of the four classes and the faculty.

Each year the council publishes a student handbook, a copy of which is placed in the hands of each student at the beginning of the fall term. This handbook contains the constitution of the Student Government Association, traditions of the school, school yells and songs, and a list of the organizations and extra-curricular activities.

The History Club was organized in 1911 by Professor C. N. Anderson, for the purpose of fostering interest in pioneer life and for collecting material related to Nebraska history.

Its gavel was made from a part of a red cedar log which was originally used at the military station at Plum Creek,

near the present site of the town of Lexington.

One of the pleasant features of the club's activity is its monthly meetings at the homes of its members. For many years the work of the club has been concluded annually with a picnic at Fort Kearney.

The Home Economics Club, sponsored by Mrs. Romayne Webster and Miss Louise Enochs, was organized November 11, 1926.

The objectives of this club are to broaden the interests of its members in home economics as a profession, and to bring the girls into a closer association as friends.

Each year the club puts on a style show in convocation, displaying the work which the students have been doing in their classes. Discussions are given by a reader as to the suitability of costumes for school wear, for dining out, for applications, and for attending formal teas.

This winter, bake sales were conducted to raise funds for the improvement of the department. From time to time musical selections and talks were given by the members and by outside talent. The serving of refreshments gave a festive touch to each of the monthly meetings.

The club plans to petition for membership in a national sorority of Home Economics in the near future.

The K. S. T. C. Men's Vocal Ensemble is an honorary musical organization with a membership at present of eighteen young singers. It is the outgrowth of the Men's Octette which made a reputation for itself in 1929-30.

This fine group of singers has been heard in numerous concerts both in Kearney and outstate. They have sung for several celebrities. The Kedroff Quartet said of them, "We were surprised when we heard your male choir. The singing is charming and shows you like good music."

Leo Podolsky, internationally known pianist, hearing them, expressed surprise and admiration at their balance, tone, and precision; he said, "You must have some Russian blood in you to sing your Russian songs in such a manner; your singing is magnificent and compels admiration."

Pi Kappa Delta, a national honorary forensic society, stimulates progress in and promotes the interests of intercollegiate oratory, debate and public speaking. Only those who have won honors in debate, oratory or public speaking are eligible for membership. The Nebraska Zeta Chapter was installed at Kearney in 1924.

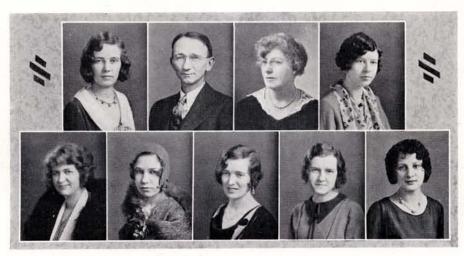

The local chapter has been very active this year. It sponsored the State Old-Line Oratorical Contest which was held in Kearney on December 12, 1930. Hazel Hirsch represented the Kearney State Teachers College. Eugene Fitch will be the representative in the Peace Oratorical Contest to be held at Hastings on May 1, 1931. The chapter also entered a men's and women's team in the debate tournament held at Ft.

Collins, Colorado, March 19, 20, 21, 1931, under the direction of the Province of the Platte. The women's team was composed of Alice Wiley and Hazel Hirsch and the men's team of Gordon Weinbrandt and Gerald Kitchen. In addition, Hazel Hirsch entered the women's oratorical contest held at the same time.

In recognition of their interest and work in forensics this year ten persons were elected to membership in Pi Kappa Delta. Those awarded membership were: Ralph Canada, Eugene Fitch, Henry Waltemade, Frank Lydic, William Richards, Stanley Roy, Gordon Weinbrandt, Hazel Hirsch, Alice Wiley, Hazel Tumbleson.

Other members are: Sidney McCaig, John F. Matthews and Calvin T. Ryan.

Since its organization in November, 1928, the Xi Beta chapter of Sigma Tau Delta in Kearney State Teachers College has done active work in realizing its two-fold purpose of stimulating an interest in creative writing and of creating a desire to know the chief English literary masterpieces. Mr. C. T. Ryan, who is national historian of Sigma Tau Delta, is sponsor of the local chapter.

Membership is limited to twelve active members in a chapter. Active members must be majors in English and must have completed a minimum of two college courses in literature in addition to the freshman required English, or must be graduates who are professionally engaged in the study or teaching of English. President Martin and Miss

Augusta Kibler are honorary members.

Seventeen members and guests attended the Christmas banquet and formal initiation which was held in the Italian room of Hotel Fort Kearney on December 20.

The second freshman writing contest sponsored by Sigma Tau Delta was held during the second quarter. Paul Borden received the National Freshman Medal of Sigma Tau Delta for the splendid work shown in his essay "The Home Town Philosopher." The medal awarded by Mr. Ryan as the second prize went to Virginia Reames.

Xi Beta closed a successful year with an April dinner and initiation at which the alumni were well represented.

La Sociedad Espanola is one of the modern language clubs of Kearney college. It was organized in 1923 under the direction of Miss Ethel Hill, of the modern language department.

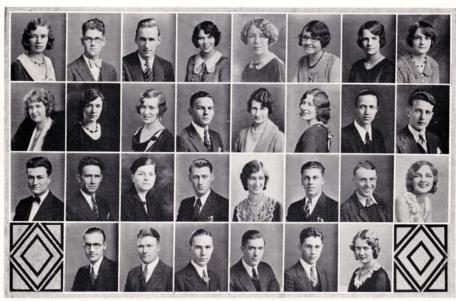

Its purpose is to give those interested in the study of Spanish a chance to meet together socially for an hour each month. Much of the information learned in the class room is used in an informal and enjoyable way at the meetings.

At each monthly meeting there is a program prepared by a committee. These programs vary, sometimes consisting of vocal or instrumental numbers, plays, stories, readings and lectures. The students usually furnish the talent but often outside speakers interested in Spanish are invited to speak before the group.

Usually about one-third of the time is given over to the entertainment committee, which prepares games in which a knowledge of the Spanish language is necessary. Refreshments are served at the close of the meeting.

The club was fortunate this year in securing Rev. Halliwell, a missionary from Brazil, to lecture, with the aid of colored slides, at one of the meetings. He gave a very interesting talk and his children sang several songs in the native Brazilian language.

The Theatre Arts League was organized a few years ago by a group of students who was especially interested in dramatics. Only those students who show distinctive dramatic ability are accepted in the organization. This year the league presented Rachel Crother's "Mary The Third," which was an outstanding performance of the year. The characters were well-suited to their

respective roles and the production was a decided success. The club held its two social functions the first and third quarters. The first was a dinner dance in honor of the new members at the home of the sponsor, Mrs. Drake.

The members of the Theatre Arts League feel that this year has been one of remarkable achievement, for with the talent and fine spirit of its members, the purpose of the club was fully realized.

The Pre-Medic Club was organized in 1929. Its purpose is to promote interest in the study of medicine and to help give pre-medic students a better insight of the medical profession. In the spring of 1930 the club assumed the name of Kappa Mu, meaning Kearney Medics.

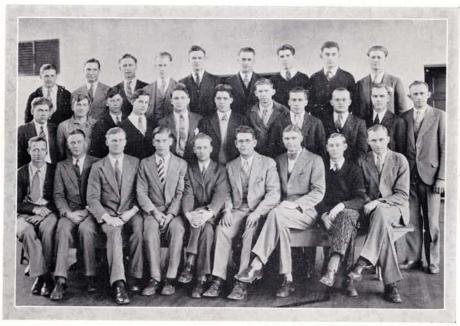

During its first year, the club was addressed by Dr. L. T. Sidwell, Dr. F. O. Raasch, Dr. C. K. Gibbons, Dr. O. D.

Johnson, Dr. W. E. Rose and Dr. C. E. Abbott of Minden.

This year Dr. C. K. Gibbons, Dr. L. T. Sidwell, Dr. G. M. Hamilton, Dr. C. H. Fox, Dr. O. D. Johnson, and Dr. R. F. Jester have given stimulating talks.

The club appreciates the cooperation given it by the local physicians.

The Y. M. C. A. was organized in the college in 1906, and since that time has been one of the outstanding organizations on the campus. The aim of the "Y" throughout the years has been to help students adjust themselves in a spiritual way to the environment of college life. This year the "Y," under the leadership of Mr. Stout as sponsor and Harold Zimmerman as president, has had a very successful year in upholding the purposes of the organization.

The Y. M. C. A. in cooperation with the Y. W. C. A. sponsored the bringing to the campus of a nationally known speaker and religious worker in the person of Dr. E. Guy Cutshall, president of Iliff School of Theology, for a three days series of religious meetings. He gave a number of addresses in convocation and in class rooms where he discussed some of the foremost problems of the spiritual side of student life. He was appreciated by all who had the opportunity to hear him.

Y. W. C. A.

The college Y. W. C. A. stands for high ideals and promotes christian fellowship among the women students. Its membership includes most of the girls in school.

Meetings are held in the auditorium at ten o'clock three Wednesdays of each month.

The cabinet is composed of four officers: president, Jean Dearmont; treasurer, Ruth Schini; secretary, Mary Walker; and chairmen for the following committees: membership, Clare Flagg; social, Eunice Pedley; finance, Ruth Schini; social service, Ruth Burch; world fellowship, Elsie Danskin; publicity, Blanche Kauer; program, Ruth Runcie. Each committee chairman has an advisor chosen from the faculty.

The outstanding project of the year is the Christmas festival where food and gifts are sold and a program is given in the evening.

Each spring much interest is taken in the Estes conference held in June. The Y. W. C. A. pays half the expenses of the members who go as delegates.

The purpose of the Soliditas Latina is to create a desire for Latin and to stimulate interest in this age-old language. The club believes that the classics still exert a powerful influence on the mind of today, and that present day life cannot be understood without a knowledge of classic thought and language.

Students enrolled in the Latin department are eligible to membership. Realizing that every meeting should have a social significance as well as an academic value, the members have engendered a feeling of good fellowship into the programs. One of the events that will perhaps live longest in the memories of the present members is the Roman Banquet at which Maecenas, the premier of Emperor Augustus, entertained at a banquet in honor of the two thousandth anniversary of Virgil, the celebrated Roman poet.

Each year a representative from the club is sent to the national convention of the Classical Association. In this way, the school and the students are enabled to keep in touch with the great scholars and the great thought of the

Le Cercle Français

In 1914 "Le Cercle Francais" was organized to afford an opportunity for students of French to gain practice in speaking the language by employing it in social affairs.

The meetings, which are conducted entirely in French, are held on the second Tuesday of each month. After the transaction of business a program, consisting of plays, games, songs and reports on special French customs or famous sons of France, is given. The meeting is adjourned by singing "Le Marseillaise."

This year the club boasts a membership of thirty-six students of French.

The Xi Phi Fraternity, organized at Kansas State Teachers College of Emporia when a group of twenty-four people selected from the various organizations of the school, united their energies in a systematic effort to finance the erection of a memorial building on the campus. On December 13, 1924, Mr. Clarence McGregor of Alpha came to Kearney and installed Gamma chapter.

The purpose of the organization is to promote leadership and scholarship among college students, and to sponsor any movement which the fraternity feels would benefit the cause of education.

The membership is limited to twenty-

four active members, chosen from the senior college, and four honorary members who are affiliated with the college as faculty members.

The second quarter of this year's work was pleasantly concluded with a Valentine Party, Miss Mary Walker, president of the fraternity, acting as hostess. At the close of the school term the annual picnic at Old Fort Kearney will be held.

The Annual Birthday Dinner was held December 13, 1930, at the Midway Hotel. This annual dinner serves as a reunion of all active, associate and honorary members.

The Kearney State Teachers College debaters for the 1931 season were a very busy group. They participated in seven inter-collegiate dual debates, besides several preliminary debates, and attended the Pi Kappa Delta Provincial tournament at Ft. Collins, Colorado.

A men's team and a women's team accompanied by their coach, Mr. Matthews, attended the Province of the Platte (Colorado and Nebraska) meet-

ing at Ft. Collins, Colorado. The women's team was composed of Alice Wiley and Hazel Hirsch and the men's team of Gordon Weinbrandt and Gerald Kitchen. They debated on both sides of the national question.

The question for debate was "Resolved, That the nations should adopt a policy of free trade."

Symphony Orchestra

The State Teachers College Symphony Orchestra was organized six years ago with Mr. R. C. Rogers as its conductor. At the time of organizing, there were only fourteen members who were scarcely able to play an ordinary military march. But each year has recorded almost phenomenal growth, not only in membership but in playing ability, until at the present time the number of members is more than fifty and they are able to play the great masterpieces of orchestral literature. The Symphony is conceded to be one of the very best college orchestras in the entire state of Nebraska.

In addition to promoting the musical growth of those who play in it, the organization has played a most vital part in the cultivation of music appreciation in Kearney.

This year the members had progressed sufficiently from a technical and musical point of view, to warrant the presentation of world-famous artists as soloists on the regular concerts. The first of these artists to appear was Mr. Leo Podolsky, famous Russian pianist. He played with orchestral accompaniment the Danse Sacree and Danse Profane, by Debussy. The orchestra members worked very hard to perfect the accompaniment and were fully rewarded when Mr. Podolsky said, "The accompaniment has been most excellently prepared. I am greatly surprised to find such a wonderful orchestra here. Professor Rogers is worthy of much praise and thanks.'

Mary the Third

One of the outstanding features in this year's stage programs was Mary The Third, a three act comedy sponsored by the Theater Arts League.

This delightful comedy was written by Rachel Crothers, the author of several other plays that have been presented here. "The ideas in regard to love and life do not alter throughout successive generations," was the theme that was constantly conveyed to the audience by the competent acting players.

The cast was particularly well chosen. Each character was distinct from the others.

The Vagabond King

"The Vagabond King," the musical play based upon Justin Huntley Mc-Carthey's romantic drama, "If I Were King," was probably the most remarkable production ever sponsored by the college. In the first place, the demands of the play in quality and quantity of material are such that it should not be attempted in a school smaller than ours, and could not be presented successfully in many schools of even this size. The fact that the production was generally considered one of the most artistic and effective entertainments ever seen in Kearney, professional or amateur, speaks highly for the producer, Mr. Louis Diercks, for the conductor, Mr. Raymond C. Rogers, for the dramatic critic, Mrs. Miriam Eckhardt Drake, for those who took part in any way, and for the college which sponsored it. In the second place, it was the first time the personnel of the annual choral production has not been limited to the college itself.

The story centers about the poet warrior, Francois Villon. By his unlimited bravado he ingratiates himself onto the throne of France for a day. Huguette du Hamel, a girl of the Paris streets, loves him and dies for him. But it is Lady Katherine de Vancelles whom he loves and whose love he finally wins.

Naturally some parts of the play were more effective than others. The opening tavern scene was a marvel of aesthetic treatment for an amateur production. Here especially were even the slightest movements of the choruses worked out with reference to the general effect. The scene was an interesting one—the tavern with the doorway at the back under the stairs, and the flagons of wine standing about the room. At the right was a large cathedral—like a window through which the audience saw Lady Katherine for the first time, singing "Only a Rose."

"The Song of the Vagabond" chorus, with Francois leading his bedraggled ragamuffins, was one of the highest points of the performance. The observatory scene-King Louis and the Astrologer-was significant in its subjugating all else to a mood of prophecy and symbolism. Part IV was also an intense study of mood-the irony of the church and the gibbet so close-so close, and the still more intense irony of a solemn, quiet procession filing cornerwise to mass and emerging expecting to see "a man with his feet sometimes in the gutter, sometimes among the stars' swinging on the gibbet. Here were possibilities for drama and here, fittingly, the production reached its climax and its close.

Woman's League

In the fall of 1921 the Woman's League was first organized. All of the women students enrolled in the college are automatically members of this organization. A loan fund amounting to \$400.00 at the present time has been formed by yearly dues of twenty-five cents paid by each young woman.

The Woman's League sponsors the college "Stexy," which efficiently handles all typing which college students may desire. The "Stexy" also takes care of subscriptions for teachers' magazines. The proceeds from this service bureau has made it possible for the Women's League to make a number of worth while contributions to the school. A seventy-five dollar contribution to the Harriett Sutton Memorial Organ Fund was made. Other contributions have been attractive pictures, an antique tea service of brass, attractive china dishes for school parties and teas, table linen, drapes for the office of the

Dean of Women, furniture for the room used as the "Stexy" office, fifteen lawn seats for the campus, a drinking fountain on the third floor of the main building, and one hundred dollars for the new stage curtains.

This organization meets the second Wednesday of each month at which time various problems are taken up and discussed. The programs this year were as follows:

Professor—"A fool can ask more questions than ten professors can answer."

Student (to classmate)—"No wonder so many of us flunk in our exams."

M. Noustrum—"I sure would like to go to the show too, but I have to study for the history test."

Dean—"Well, in that case you'd better not go, 'cause it would sure go down in history."

Miss Wirt—"What's the most dangerous thing a pedestrian can do?"

J. Longsine-"Walk."

Logic?

A jail confines people for a certain time.

In school we are confined for a sertain time.

Therefore school is jail and we are all criminals.

Mr. Pate, who always insists that no one wear wraps in his classes—"Where do you think you're going, Miss Gibbs—to the Hot Place?"

Susan, coyly—"Well, I don't know, Mr. Pate, what do you think?"

Freshman — "The Theater Arts League is giving a play tonight, and I'm so interested in drawing, and I'd like to go."

Miss Boldt — "By all means you should go."

It has been said of the dormitory meals, "There is always such a state of suspense in waiting for them to be served. Then there is the great mystery when it is served, as to just what it is, and finally the question of just what effect it will produce, all of which, we think, would make excellent material for some up and coming writer of the S. S. Van Dine type."

Here is Betty's definition of a bolt and nut, and the difference, if any.

"A bolt is a thing like a stick of hard metal such as iron with a square bunch at one end and a lot of scratching wound around the other end. A nut is similar to the bolt only just the opposite, being a hole in a little chunk of iron sawed off short, with wrinkles around the inside of the hole."

The startled professor marked that one with a large "A."

Evidence of the quality built into the new Ford is the use of more than twenty ball and roller bearings. In addition to smoother operation, they save gasoline, give more speed and power in first and second speeds, decrease noise and increase the durability and efficiency of the transmission gears.

From the engine to the road, the entire drive of the new Ford on all forward speeds is wholly on anti-friction ball and roller bearings.

Come in and let us explain the many other structural and mechanical features that make the new Ford a value far above the price you pay.

K. S. T. C. HALL SPOONERS IN 1908.

How far, Oh, Hall Spooners, will you abuse our patience? How long will this silly fad of yours disturb us? To what end will this foolish spooning bring you? Have the requests of Dr. Thomas, the glances of the faculty, the fear of failing in your exams, the faces and countenances of all the critic teachers, moved you not at all? Do you know that your meeting will be disturbed? Do you not see that your grades are bound to be kept in the registrar's book? What one of us is ignorant of what you did last period, what the period before, where you were, whom you were with, what plans you made? Oh, the times! Oh, the customs! The faculty knows this, the president sees it, yet it exists. It exists. Yes, rather it comes up now on the second floor. It becomes a part of the hall decorations. You point out and designate with your eyes spots for locations.

We have a decree of Dr. Thomas against you, oh Hall Spooners, weighty and grave. The plan is not lacking to the faculty, nor the authority to the president. We (we, I say openly) are lacking in duty.

(Now who dares say that K. S. T. C. students are any worse than those of twenty-five years ago?)

Delmar Van Horn—"I won't be in class today."

Miss Hosic-"Why not?"

Delmar Van Horn — "I don't feel very well."

Miss Hosic—"Well, where don't you feel very well?"

Delmar Van Horn-"In class."

Mr. Ryan—"This essay of yours on 'Our Dog' is word for word the same."
Biddy Bennett—"Sure, it's the same dog."

A. Hart—"My father is an Elk, a Lion, and a Moose."

B. Ptacek—"What does it cost to see him?"

RUTER'S--The Fashion

Spring just around the corner. And that means new and charming styles just ahead. Women may lose interest in fashion at other seasons of the year, but there's not a woman living who doesn't want a new dress when all nature dolls up in the spring of the year. Realizing this fundamental need of all humanity Ruter's The Fashion, Ladies Outfitting Store, 2123 Central Ave., has made extensive preparations for pleasing its clientele in the 1931 spring season. With a view to matching the particular individualities of particular people, their buyers have selected models of the utmost variety and distinction. If you select your spring costume at Ruter's there will be no danger of your "meeting yourself" when you turn the corner. Nothing so upsets a woman of taste as to meet the duplicate of her gown on the street. Distinction is the watchword of Ruter's The Fashion and we are glad to recommend them to our readers.

Her Photograph

Here is her photograph Just as she smiled, Just as she was As a gay little child.

Here is her picture, A school-girl of ten, Oh, she was lovely And radiant then!

Here is another To mark what has been— This shows her wearing The charm of sixteen.

Cap and gown picture
The college days o'er—
Can you remember
That dress which she wore?

Now comes a young man To walk at her side— Here is the picture Of her as a bride. Swift are the changes Which come with the years The bud none remembers When bloom-time appears.

Yesterday's glory Is lost to the eye, The past is forgotten As time rushes by.

But in these pictures The lost charms still live And to her children Her childhood they give.

Here we have stored Her life as a whole And captured the glorious Growth of her soul.

Time never turns backwards, Its old charm to give; In photographs only Can yesterday live.

Before you decide what water closet to buyask yourself these questions:

- Is it Quiet? 1.
- Will it overflow?
- Does it flush thoroughly?
- Is it easy to clean?
- Will it take much space in a small bathroom?
- Is it free from trouble?
- Is it completely sanitary?
 Is it modern and unobtrusive in design?
- 9. Is it expensive?

Then go to your plumbing contractor-have him show you the T/N. It is not only extremely Quiet—its price is low enough to come within even a depleted budget.

UPS and DOWNS of K. S. T. C.

Where the Trail Began in 1905.

Pioneer History of the Trail

Answering the call of the wind-wisps, sprites of the outlying prairies, State Superintendent Fowler aroused in the House and the Senate Worthy men and true who heeded the call of the prairies; Followed the leader's suggestion to push the frontiers of learning Out on the plains and the prairies, home of the ranchman and farmer. Majors and Fowler and Ludden, Delzell and one Rogers, Scouts for the youth of Nebraska, the teachers of innocent children, Prospected wisely and well for a satisfactory location, Site for the normal school, which they found in the city of Kearney. Eighteenth October in nineteen hundred and five was a day of Days; t'was the day of the christening service by lodges, Inspirational addresses by Chancellor Andrews and many Jubilant, confident, grateful townsmen of Kearney, Nebraska,

Scouts, the aforesaid, wisely choose A. O. Thomas as pioneer leader. Twenty-six pioneer helpers of men and of women were chosen; Aids for this valiant man with his genuine pioneer spirit; Fearless, a worker untiring, optomistic, with vision, Ready and genuine sympathy, friend of both student and teacher. Soon the new normal at Kearney gained the just reputation, Due to the spirit of service the leader aroused in his helpers, Pioneer helpers and plainsmen, of being a family harmonious, Faculty most harmonious in all the state of Nebraska. Dauntless, though facing great odds overwhelming, tremendous, Led by this spirit of service, the plainsmen and pioneer leaders Blazed a long, a well-marked, ever-broadening trail, an ascending Trail with its goal at the topmost peak of achievement.

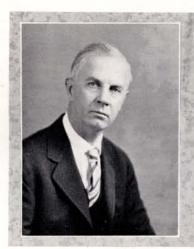

Dr. and Mrs. A. O. Thomas.

Lured by mystery, by the golden hopes of the unknown,
Came these adventurers, pioneers, trusting their all to the prairies;
Came, as their leader has said, these men and women of purpose,
Rich in experience, in native ability, scholarship, vision;
Came from the various fields which compose educational service;
Came to the city of Kearney and pitched their camp on the school grounds,
Campus of Kearney High School, and started a vigorous back-fire;
Opened the way for the hundred and twenty young plainsmen,
Youth of the prairies, who wandered in o'er the newly-made clearing.

September nineteen hundred and five, in truly pioneer fashion, Plainsmen and pathfinder followed the worn and serpentine cow paths, Leading through sunflower patches, and ripening corn fields and gardens, All on their way to their new educational quarters.

Nor were the hardships of pioneer life left out of the picture; Nowhere to go but the floor at the top and no stairway but ladders; Nowhere where wielders of hammer and saw were not present; Nowhere escape from the deafening noise when they polished the marble; Nowhere to get any heat but from traction engines and oil stoves; Nowhere a grumbler, everywhere smiles of a sturdy, a happy Enthusiastic big family of four hundred thirty young plainsmen, Eighteen of whom were ready in May to be leaders of plainsmen. As each year contributes its quota of well-prepared leaders, Trails over which other plainsmen, "Keep Koming to Kearney" Grow in number and length. We shall reach the uttermost corner.

President and Mrs. Geo. E. Martin.

Frequent and definite blazes which point unmistakably upward
Mark the well-defined path of the pioneer trail-brazers skillful.
Blazes of various forms and devices mark this pathway of progress:
Plans for growth in the years as they come in the grounds and the buildings;
Bulletins filled with ideals and ideas so needed to kindle
Fires of ambition and purpose; the enthusiasm essential,
Needed in clearing and blazing new trails for the feet of the plainsmen;
Catalogues marking the trail as to standards and certification;
Catalogue nineteen and six provides for the Bachelor's degree;
Classes in study center and correspondence were offered;
Work in absentia for worthy, ambitious young plainsmen;
Manual training equipment, an agricultural garden.

Later a room was equipped in the training department,

For demonstration teaching, essential for teacher and pupil.

Antelope blazes appear on the trail in nineteen eleven;

Characteristic, attractive, demanding and getting attention.

Trail-markers second to none for pointing the way for the plainsmen,
Blue and gold are the blazes recording the life of the plainsmen,
Varied and helpful with numerous organizations,

Fifteen of which came to life in the early years of the normal.

Not the least aggressive of these is the tribe of Hall-Spooners.

Another feature of plainsman life is tribal organizations.

Decorative, unique are the blazes they leave at their passing;

Gifts to their Alma Mater so dear, in the form of statues,

Charter Faculty Members.

Parthenon frieze, or a gate way, a picture, or loan fund.
Blazes unique, entertaining, portray the dramatic
Instincts of plainsmen. In nineteen and seven, "A Case of Suspension,"
Staged by the juniors, marks the beginning of life behind footlights.
Blazes of lectures appear on the trail of nineteen five in the summer;
Educators of national fame, a treat for the plainsmen;
And the following year a lecture course instructive, and pleasing.
Signs are not wanting of social festivities; parties in costume,
Hikes, all-school picnics, and sunrise breakfasts by pioneer leaders.

Varied and full was the life of the pioneer leaders and plainsmen, Witness of which are the three thousand plainsmen who followed Pioneer trails into Kearney in the space of five years; Out of which number were two hundred sixty-five plainsmen, Pathfinders new, who returned to their homes with a message; Opened new trails for the plainsmen who keep on coming to Kearney.

June the nineteenth and June twenty, nineteen hundred and thirty Witnessed the Silver Jubilee, celebrating the founding Twenty-five summers ago, of Kearney State Normal and College. Pioneer faculty members and hundreds of pioneer plainsmen Came from all points of the compass, came from 'leven states in the Union; Home-makers, doctors and lawyers, teachers and well-to-do farmers. Loyal, devoted were they to the welfare of Kearney State Normal; Eager to meet once again their much-loved pioneer leader, Doctor Thomas, the valiant pioneer leader. Eager to clasp the hand of pioneer faculty members; Eight of the twenty-six who blazed the first trails for the college; Five of the present faculty, three who are serving well elsewhere.

Buildings and courses of study, degrees, and accredited standing, Well-prepared teachers, making good in the schools of Nebraska. These are the things that gladden the hearts of the home-coming plainsmen, Proud of the trails they'd helped make in the pioneer days of the college. Cordial were host and hostess at the wonderful campus reception,

The College In 1931.

Greeting with genuine pleasure the many friends of the college. Loyal friends of the college. Many who'd helped with its founding.

Filled was our beautiful chapel with citizens, faculty, students, Eager to hear once again the voice of their pioneer leader.

Doctor Thomas, now international pioneer leader.

Noted guests were there, too, with words of praise and laudation, Foretelling for Kearney State College a bright and promising future. After its presentation by proud, delighted alumni

The new memorial organ, magnificent gift of alumni, Filled the chapel with wonderful, soul-stirring music.

Nearly six hundred alumni and friends attended the home-coming banquet, Representing each class of the twenty-five years of the college.

Renewed were many old friendships, bridging the years intervening.

Re-lived were the college days of yore and with their grind and their frolic.

Thousands of persons enjoyed the educational pageant, Portraying the struggle of man to overcome the four evils: Evils of poverty, ignorance, superstition, tradition. Opportunity, Love of Beauty, Higher Learning are forces, Overcoming, at last, these universal, deadening evils.

All of which Jubilee served to make clear that the years in their passing Left a continuous trail of progressive, meaningful blazes

Marking a plain, an unbroken trail from nineteen six to the present;

Trail that has for its goal the topmost peak of achievement.

Honor the pioneers, men and women of courage and vision. Honor the leaders, recruits, and hundreds of plainsmen "Carrying on" with the same length of stride, the same spirit.

—Alma Hosic.
